About Us.

Introduction

INNO Bridge is a Rwandan consultancy firm dedicated to empowering startups, small businesses, and entrepreneurs. We address critical business challenges such as inadequate market research, financial inefficiencies, and limited adoption of advanced tools for data analysis. With a focus on innovation and data-driven strategies, we aim to fuel sustainable growth and help businesses succeed in competitive markets.

Mission

To bridge the gap between data and decision-making, empowering startups and small businesses to achieve sustainable growth and competitive advantage.

Vision

To lead the transformation of businesses by delivering innovative, data-powered strategies that fuel growth and inspire success.

Why INNO Bridge Was Founded

Many startups and small-to-medium enterprises (SMEs) in Rwanda face significant challenges that limit their ability to grow, compete, and thrive in today's dynamic business environment. These challenges include a range of issues that hinder operational efficiency, decision-making, and overall business sustainability.

High SME failure rate: A study conducted by EPRN 2020, indicates that 50% of businesses in Rwanda fail within the first five years.

Lack of Market Research: A study conducted by EPRN 2020, indicates that 50% of businesses in Rwanda fail within the first five years.

Poor business management: According to Rwanda Today 2019, data shows that from 2008 to 2018, around 15% of small businesses collapsed and this is linked to poor planning and execution of business plans.

Financial Management Challenges: According to Rwanda Today 2019, data shows that from 2008 to 2018, around 15% of small businesses collapsed and this is linked to poor planning and execution of business plans.
